

20th LATIN AMERICAN MEETING OF HIP AND KNEE SURGEONS – ELCCR

WEDNESDAY, AUGUST 7

- 07:00 - 09:50** **Registration**
- 09:50 - 10:00** **Welcome**
Opening of the event
Board of Directors
- 10:00 - 11:00** **Ambulatory Surgery in joint replacements**
Moderator: Jairo Rincón MD
- 10:00 - 10:10** Selection of the appropriate patient.
Pablo Stullitel MD
- 10:10 - 10:20** Pain management in outpatient surgery.
Michael Bolognesi MD
- 10:20 - 10:30** Why do I think outpatient is better?
Nicholas Bedard MD
- 10:30 - 10:40** Why I do not perform outpatient arthroplasties?
Adolfo Llinás MD
- 10:40 - 11:00** **Discussion**
- 11:00 - 12:00** **Thromboprophylaxis**
Moderator: Mario Vélez
- 11:00 - 11:10** Peri-prosthetic infection and oral anticoagulants.
Daniel Diego Ball MD
- 11:10 - 11:20** Intraoperative measures in the prevention of thromboembolic
disease.
Julio Ortiz MD
- 11:20 - 11:30** Thromboembolic disease in joint replacements and high
altitude. What does the evidence say?
Victor Hernandez MD
- 11:30 - 11:40** Thromboembolic disease and surgical approach.
Pedro Faria MD
- 11:40 - 12:00** **Discussion**
- 12:00 - 13:00** **Symposium. Lineas Hospitalarias**
- 13:00 - 14:00** **Visit our strategic allies**

- 14:00 - 15:00** **Hip preservation**
Moderator: Marcelo Genovesi MD
- 14:00 - 14:10** Evaluation and treatment of torsional alterations of the femur in FAI.
Elina Huérfano MD
- 14:10 - 14:20** Acetabular retroversion. When periacetabular osteotomy?
Dante Parodi MD
- 14:20 - 14:30** Irreparable labral injuries. What to do?
Jhonny Marquez MD
- 14:30 - 14:40** Management of chondral injuries in the hip.
Bernardo Aguilera MD
- 14:40 - 15:00** **Discussion**
- 15:00 - 16:00** **Robotics and new technologies**
Moderator: Carlos Lavernia MD
- 15:00 - 15:08** Do dissatisfied knees decrease with robotic surgery?
Hernán Prieto MD
- 15:08 - 15:16** Do my THR outcomes improve with the use of a robot?
Pablo Cornejo MD
- 15:16 - 15:24** Hip and knee arthroplasty with virtual reality.
Where are we?
Victor Hernandez MD
- 15:24 - 15:32** Complex primary knee arthroplasty with robot. How do I do it ?
(Surgical technique video)
V́ctor Ilizaliturri MD
- 15:32 - 15:40** Navigation-assisted TKR. Where we are at?
Rafael Sierra MD
- 15:40 - 16:00** **Discussion**
- 16:00 - 16:30** **Visit strategic allies**
- 16:30 - 17:30** **Instability in THR**
Moderator: Alfredo Sánchez MD
- 16:30 - 16:40** When and how do I evaluate spinopelvic rigidity before THR?
Marcelo Genovesi MD
- 16:40 - 16:50** Should we use more dual mobility cups in primary THR?
Victor Ilizaliturri MD
- 16:50 - 17:00** Big heads-small cups. What is the limit?
Luis Enrique Ramirez MD
- 17:00 - 17:10** With the anterior approach, are dual mobility cups or large heads unnecessary?
Luis Justino Fernandez MD

**20°
ELCCR**
Encuentro Latinoamericano
de Cirujanos de Cadera y Rodilla

Agosto
7 al 10 de 2024

CARTAGENA

17:10 - 17:30

Discussion.

17:30 - 18:30

TKR Alignment

Moderator: Sacha Bittelman MD

17:30 - 17:40

Is it justified to change the mechanical alignment?

Marco Percope MD

17:40 - 17:50

Technical considerations for kinematic alignment.

Rafael Sierra MD

17:50 - 18:00

The patella in kinematic alignment.

Victor Hernandez MD

18:00 - 18:10

Kinematic alignment without technological aids. Is it possible?

Hernan Prieto MD

18:10 - 18:30

Discussion

18:30 - 19:00

Opening Ceremony

THURSDAY, AUGUST 8

- 08:00 - 09:00** **Guest Society Symposium.**
Sociedad Mexicana de Cirugía de Cadera (SMCC)
SHORT STEMS IN TOTAL HIP ARTHROPLASTY
Moderator: Fidel Dobarganes MD
- 08:00 - 08:02** Introduction.
Fidel Dobarganes MD
- 08:02 - 08:10** Why I do not choose a short stems for all my cases.
Fidel Dobarganes MD
- 08:10 - 08:18** How I see the future of short stems and which are the new designs
Felipe Gómez MD
- 08:18 - 08:26** What do the registries say about short stems?
Luis Enrique Ramirez MD
- 08:26 - 08:34** Are short stems really bone-saving? What happens during revision surgery?
Jorge Negrete MD
- 08:34 - 08:42** What is the origin of short stems. Why are they born?
Everth Merida
- 08:42 - 08:50** Complications with short stems. Which ones more and which ones less?
Daniel Diego Ball MD
- 08:50 - 09:00** **Discussion**
Fidel Dobarganes MD
- 09:00 - 10:00** **Complex primary TKR**
Moderator: Cesar Rocha MD
- 09:00 - 09:10** TKR in extra-articular deformities.
Fernando Lopreite MD
- 09:10 - 09:20** TKR after osteotomies.
Marco Percope MD
- 09:20 - 09:30** TKR in septic arthritis sequelae.
Antonia Chen MD
- 09:30 - 09:40** TKR in severe valgus. Surgical technique video.
Sebastien Lustig MD
- 09:40 - 10:00** **Discussion**
- 10:00 - 10:30** **Visit Strategic Allies**

- 10:30 - 12:00** **Peri-prosthetic joints infections.**
Moderator: Rafael Sierra MD
- 10:30 - 10:38** Diagnosis of peri-prosthetic joint infection. Current challenges.
Antonia Chen MD
- 10:38 - 10:46** High suspicion of infection and everything negative.
What to do?
Guillermo Bonilla MD
- 10:46 - 10:54** Molecular techniques for the diagnosis of infection. When and
which ones?
Nicholas Bedard MD
- 10:54 - 11:10** **Discussion**
- 11:10 - 11:18** Double DAIR. Best results?
Fidel Dobarganes MD
- 11:18 - 11:26** Revision in 1 stage. Fundamentals and implant selection.
Eduardo Vilenzki MD
- 11:26 - 11:34** Revision in 1.5 stages. Definition and outcomes.
Michael Bolognesi MD
- 11:34 - 11:42** Revision in 2 stages. When and how?
Claudio Diaz MD
- 11:42 - 12:00** **Discussion**
- 12:00 - 12:10** New frontiers in the treatment of inflammation and pain in
coxarthrosis: do we have another way?
(Heel - Industry Conference)
- 12:00 - 13:30** **Symposium. Smith and Nephew**
- 13:30 - 14:00** **Visit strategic allies**
- 14:00 - 15:00** **Complex Primary THR**
Moderator: Pablo Maletti MD
- 14:00 - 14:10** THR in Crowe IV.
Everth Mérida MD
- 14:10 - 14:20** THR in proximal femur deformities.
Carlos Lavernia MD
- 14:20 - 14:30** THR after failed pertrochanteric fracture.
Rodrigo Castellano MD
- 14:30 - 14:40** THR after pelvic osteotomy.
Dante Parodi MD
- 14:40 - 15:00** **Clinical case discussion.**
Pablo Maletti MD

- 15:00 - 16:00** **Clinical cases discussion (TKR complications) 2 cases.**
Moderator and case presentation: Sacha Bittelman MD
- Panelists:**
Roberto Olivetto MD
Claudio Diaz MD
Rafael Sierra MD
Víctor Hernández MD
- 16:00 - 16:30** **Visit strategic allies**
- 16:30 - 17:30** **Arthroplasty registries**
Moderator: Klauss Mieth MD
- 16:30 - 16:38** How do I interpret the information given by the registries.]
Luis Fernando Useche MD
- 16:38 - 16:46** Current controversies in THR. What do the registries say?
Fidel Dobarganes MD
- 16:46 - 16:54** Current controversies in TKR. What do the registries say?
Cesar Rocha MD
- 16:54 - 17:02** Relevant information from registries in Unicompartmental
arthroplasty.
Sebastien Lustig MD
- 17:02 - 17:10** Relevant information from registries in Patellofemoral
Arthroplasty
Gonzalo Arteaga MD
- 17:10 - 17:30** **Discussion**
- 17:30 - 18:30** **Painful TKR**
Moderator: Cesar Arango MD
- 17:30 - 17:40** Risk factors and prevention.
Carlos Lavernia MD
- 17:40 - 17:50** Everything looks good but it hurts.
Fernando Lopreite MD
- 17:50 - 18:00** Metal allergy. How often?
Victor Hernandez MD
- 18:00 - 18:10** Complex regional pain syndrome after TKR. Incidence and
management
María Piedad Bautista MD
- 18:10 - 18:30** **Discussion**

FRIDAY, AUGUST 9

- 08:00 - 10:00** **AO Recon Symposium**
- 08:00 - 08:05** **Welcome and introduction.**
Guillermo Bonilla MD
- 08:05 - 08:15** Assesment of bone defects (hip and knee).
Dario Garin MD
- 08:15 - 08:25** Reconstruction of acetabular defects with jumbo cups.
Daniel Monsalvo MD
- 08:25 - 08:35** Type II acetabular defects: Metal augmentations and allografts.
Sebastien Lustig MD
- 08:35 - 08:45** Type III acetabular defects: Allograft vs Porous Metal columns
Beatriz Montoya MD
- 08:45 - 08:55** Acute and chronic pelvic discontinuity.
Guillermo Bonilla MD
- 08:55 - 09:05** Femoral defects: Treatment Algorithm.
Beatriz Montoya MD
- 09:05 - 09:15** **Clinical cases discussion.**
Antonio Solano MD
- 09:15 - 09:25** Epiphyseal defects in the knee: Alternatives and management
algorithm
Dario Garin MD
- 09:25 - 09:35** Metaphyseal defects in the knee: Cones and Sleeves .
Sebastien Lustig MD
- 09:35 - 09:45** Massive bone defects: Tumor replacement prosthesis.
Victor Lizcano MD
- 09:45 - 10:00** **Clinical cases discussion.**
Antonio Solano MD
- 10:00 - 10:30** **Visit strategic allies**
- 10:30 - 12:00** **Aseptic THR Revision**
Moderator: Julio Cesar García MD
- 10:30 - 10:40** Fundamentals for the use of trabecular metal augmentations in
acetabular defects.
Michael Pons MD
- 10:40 - 10:50** Management of type III and IV femoral defects.
Victor Krebs MD
- 10:50 - 11:00** How do I prevent instability in revision THA?
Guillermo Garcia MD

- 11:00 - 11:10** New technologies in the management of type IIIB acetabular defects.
Sebastien Lustig MD
- 11:20 - 11:30** Management of pelvic discontinuity with iliac isthmus bone fixation.
Javier Perez MD
- 11:30 - 11:40** Trochanteric osteotomies. How and when?
Dario Garin MD
- 11:40 - 12:00** **Clinical cases and Discussion.**
Julio Cesar Garcia MD
- 12:00 - 13:00** **Symposium Solventum**
Negative pressure in complex wounds or risk of surgical site infection
Dr. Mauricio Zuluaga
- 13:00 - 14:00** **Visit strategic allies**
- 14:00 - 15:00** **Unicompartimental knee arthroplasty**
Moderator: Jaime Mariño MD
- 14:00 - 14:10** Technical tips for a successful unicompartmental knee replacement. Surgical technique video.
Roberto Olivetto MD
- 14:10 - 14:20** Unicompartmental replacement in a young patient: When is it the best option?.
Nicolas Piuzzi MD
- 14:20 - 14:30** Lateral unicompartmental replacement in post-traumatic arthritis.
Sebastian Lustig MD
- 14:30 - 14:40** Unicompartmental replacement vs TKR for unicompartmental arthritis. What does the evidence say?
Rodrigo Jaramillo MD
- 14:40 - 15:00** **Discussion**
- 15:00 - 16:00** **Cleveland Clinic Symposium**
Moderator: Carlos Higuera
- 15:00 - 15:10** Approach to surgical treatment of periprosthetic infection.
Carlos Higuera MD
- 15:10 - 15:20** Periprosthetic fractures.
Nicolas Piuzzi MD
- 15:20 - 15:30** Osteotomies for implant removal in joint replacement revision surgery.
Jorge Manrique MD

- 15:30 - 15:40** Intraoperative complications in revision arthroplasty.
Viktor Krebs MD
- 15:40 - 16:00** **Discussion**
- 16:00 - 16:30** **Visit strategic allies**
- 16:30 - 18:00** **Aseptic TKR Revision**
Moderator: Victor Lizcano MD
- 16:30 - 16:40** Why do aseptic TKR revisions fail.
Antonia Chen MD
- 16:40 - 16:50** Selection of implant constriction type in revision TKR.
Fernado Lopreite MD
- 16:50 - 17:00** Diaphyseal impaction grafting and metaphyseal cones for
severe bone loss in revision total knee arthroplasty.
Pablo Maletti MD
- 17:00 - 17:10** TKR partial revision. When?
Henry Flores MD
- 17:10 - 17:20** Metaphyseal cones and sleeves. Do they improve the survival
of revisions?
Carlos Higuera MD
- 17:20 - 17:30** Extended approaches for TKR revisions. Technical Tips.
(Video)
León Sardi MD
- 17:30 - 18:00** **Clinical cases and Discussion.**
Victor Lizcano MD

SATURDAY, AUGUST 10

- 08:00 - 09:00** **SICOT Symposium: Hip replacement in adolescents**
Moderator: Zulenice Monagas, MD
Rafael Pérez MD
- 08:00 - 08:02** Introduction to SICOT PIONEER.
Vikas Khanduja MD
- 08:02 - 08:05** Introduction to SCCOT/ELCCR and opening remarks
Rafael Pérez MD
- 08:05 - 08:15** Tribology: what would be the best for a young patient?
Miquel Pons MD
- 08:15 - 08:25** Total hip replacement for Juvenile Rheumatoid Arthritis.
Erwin Cabb MD
- 08:25 - 08:35** Total hip arthroplasty in Hemophilia.
Sacha Bittelman MD
- 08:35 - 08:45** THR for high hip dislocation in teenagers and young patients.
Nicolás Restrepo MD
- 08:45 - 09:00** **Discussion.**
- 09:00 - 10:00** **THR approaches. Why do I prefer it and how I perform it?**
Surgical Technique videos.
Moderator: Hugo Rodríguez MD
- 09:00 - 09:10** Anterior approach.
Jorge Manrique Succar MD
- 09:10 - 09:20** Modified direct lateral approach.
Eduardo Vilenski MD
- 09:20 - 09:30** Anterolateral approach.
Javier Perez MD
- 09:30 - 09:40** Posterior approach.
Guillermo García MD
- 09:40 - 10:00** **Discussion**
- 10:00 - 10:30** **Visit strategic allies**

10:30 - 11:30	Complications in joint replacements Moderator: Erwin Cab MD
10:30 - 10:40	Intraoperative acetabular fractures in total hip replacement. Michael Bolognesi MD
10:40 - 10:50	Intraoperative femoral fractures in total hip replacement. Hernán Prieto MD
10:50 - 11:00	Intraoperative medial collateral ligament injury, and now what? Rolando Suarez MD
11:00 - 11:10	Avulsion of the patellar tendon. Rafael Sierra MD
11:10 - 11:30	Discussion
11:30 - 12:30	Peri-prosthetic fracture Moderator: Efrain Leal MD
11:30 - 11:40	Interprosthetic fractures. Prevention and treatment? Nicholas Bedard MD
11:40 - 11:50	Management of femoral periprosthetic fractures Vancouver- B1 Jorge Sierra MD
11:50 - 12:00	Revision surgery for femoral periprosthetic fractures Vancouver- B2- B3 Pablo Slullitel MD
12:00 - 12:10	Peri-prosthetic fracture of the femur after TKR. Pablo Cornejo MD
12:10 - 12:30	Discussion
12:30	Closing remarks Board of Directors
